USSS DOCUMENT REQUEST No. 1

The National Commission on Terrorist Attacks Upon the United States (the "Commission") requests that the United States Secret Service (USSS or the "respondent") provide the Commission with copies of the following documents no later than June 13, 2003 (the "production date"):

1. The classified version of the 1994 White House Security Review.
2. All documents relating to communications between USSS and military personnel on September 11, 2001, including any communications between USSS and Andrews Air Force Base personnel and any communications between USSS and NORAD personnel.
3. All documents relating to communications between USSS and Department of Transportation personnel on September 11, 2001, including any communications between USSS and FAA personnel.
4. All protocols in effect on September 11, 2001, between the USSS and the FAA regarding air threats and emergency response, and all such protocols currently in effect.
5. All protocols in effect on September 11, 2001, between the USSS and the military regarding air threats and emergency response, and all such protocols currently in effect.
6. USSS Emergency Response Plans in effect on September 11, 2001, and the plans currently in effect.
7. USSS organizational charts as of September 11, 2001, and current charts.
8. Any after action reviews of the USSS response to the events of September 11, 2001.

The Commission requests that the documents requested above be provided as soon as they are available, even though all requested documents may not be provided at the same time, through means of a "rolling" production.

If any requested documents are withheld from production, even temporarily, based on an alleged claim of privilege or for any other reason, the Commission requests that the respondent, as soon as possible and in no event later than the production date, identify and describe each such document or class of documents, as well as the

alleged basis for not producing it, with sufficient specificity to allow a meaningful challenge to any such withholding.

If the respondent does not have possession, custody or control of any requested documents but has information about where such documents may be located, the Commission requests that the respondent provide such information as soon as possible and in no event later than the production date.

If the respondent has any questions or concerns about the interpretation or scope of these document requests, the Commission requests that any such questions or concerns be raised with the Commission as soon as possible so that any such issues can be addressed and resolved prior to the production date.

GARABITO - STATEMENT

In EOC for 9am meeting; second plane struck but no audio on screen, so it took a few minutes to realize picture showed a second hit. Immediately called Terry Van Steenberg at FAA - he said there were 4 planes believed to be hijacked and 2 outstanding - believed to be traveling to DC. Nelson (1) told [redacted] to notify upstairs

9/11 Law Enforcement Privacy

COMMISSION SENSITIVE
JULY 28, 2003

(2) contacted the PEOC and placed on speaker AND then when [] came back he asked him to call Truscott. [] handed him the phone and he talked to Ediger.

Steenbergen said call my boss - [] - to request that east coast traffic be diverted; Nelson called [] and he said he was taking part in a Video Telecommunications Conference with the White House Situation Room, and would address that request.

Add Classified Section

After Pentagon hit Nelson called WHMO - Col. Scaffiddi - told him of hit and said that "we needed" military fighter jets to protect WH - Scaffiddi said he would get on it.

[] said all air traffic would be halted and forced to land

Commander Barnes of WHMO informed Nelson that 2 military aircraft had been scrambled and were en route to WH airspace; calls were received from Col. Worley and Major General Freeman from Andrews, asking who had authorized fighter jets to be scrambled; Ediger and Garabito referred them back to Barnes.

GARABITO - INTERVIEW REPORT

Recalls 3 separate groups of info reported by FAA prior to crash: (1) two unaccounted for planes, possibly hijacked, in addition to those that crashed into WTC; (2) one of the unaccounted for planes was heading to DC (3) the unaccounted for airplane toward DC was 30 miles out and coming in fast and low.

Garabito doesn't specifically recall being told to begin the evacuation process by Ediger (QUESTION; at our meeting with him didn't he said he ordered evacuation?); he recalls UD officers exiting EOC when info came in on approaching aircraft.

TRUSCOTT - INTERVIEW REPORT

In office; observed hit on CNN (not clear if first or second); called meeting to discuss security enhancements; during meeting [] phoned from Director's Crisis Center - FAA reporting that suspicious aircraft inbound "and that the White House was being evacuated." QUESTION - How did FAA report the WH was being evacuated?? At the same time Garabito on phone with Deputy Ediger, who was in Truscott's office. Truscott received a call from [] he told [] to evacuate the WH.

Truscott went to "White House shelter area"; met Rice who was in the Sit Room and accompanied her to the shelter. "Upon arrival" at the shelter the VP and Mrs were present; VP on the phone. He advised the group to move to the PEOC. QUESTION: / Difference b/t shelter and PEOC?

COMMISSION SENSITIVE
JULY 28, 2003

Pentagon Impact 9:37:45
(NTSB)

[redacted] activated Director's Crisis Center (DCC) after two planes hit the WTC; [redacted] and [redacted] in DCC when he arrived; around 9:35 am.

[redacted] called JOC; told Ediger at Truscott's office; [redacted] called Truscott, while on phone with him [redacted] told [redacted] that there was an inbound plane coming toward WH, "and we were evacuating the White House." [redacted] passed info to Truscott.

ADD Classified Section

[redacted] discussed where to relocate POTUS; possibilities included [redacted]
[redacted] "The Director then advised that Air Force One was landing in Shreveport, Louisiana and then going on to Omaha, NE."

1 The amount of info coming into DCC was enormous. The DCC was receiving conflicting info from ID, unconfirmed data or raw information, which hindered the DCC's ability to make proper decisions. [redacted] was making decisions on inaccurate data that could have been quickly verified, such as the misinformation no an aircraft that had crashed near Camp David.

[redacted] maintained contact with Ediger in the JOC and [redacted] in the Sit Room; also talked to Joseph Hagen at NORAD (QUESTION - where?)

2 Evaluation of VP.
